40 CFR Part 180

[OPP-300395; FRL-4970-2]

RIN 2070-AC18

Cellulose Acetate; Tolerance Exemption

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: This document proposes to establish an exemption from the requirement of a tolerance for residues of cellulose acetate (CAS Reg. No. 9004-35-7) when used as an inert ingredient (pesticide rate-release regulating agent) in pesticide formulations applied to growing crops only. Consep, Inc., requested this proposed regulation pursuant to the Federal Food, Drug and Cosmetic Act (FFDCA).

DATES: Written comments, identified by the document control number [OPP-300395], must be received on or before September 22, 1995.

ADDRESSES: By mail, submit written comments to Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. In person, deliver comments to: Rm. 1132, CM #2,

1921 Jefferson Davis Hwy., Arlington, VA 22202. Information submitted as a comment concerning this document may be claimed confidential by marking any part or all of that information as "Confidential Business Information" (CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2. A copy of the comment that does not contain CBI must be submitted for inclusion in the public record. Information not marked confidential will be included in the public docket by EPA without prior notice. All written comments will be available for public inspection in Rm. 1132 at the address given above, from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays.

Comments and data may also be submitted electronically by sending electronic mail (e-mail) to: opp-docket@epamail.epa.gov. Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect in 5.1 file format or ASCII file format. All comments and data in electronic form must be identified by the docket number [OPP-300395]. No Confidential Business Information (CBI) should be submitted through e-mail. Electronic comments on this proposed rule may be filed online at many Federal Depository Libraries. Additional information on electronic submissions can be found below in this document.

FOR FURTHER INFORMATION CONTACT: By mail: Mary Waller, Registration Support Branch, Registration Division (7505W), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location and telephone number: 2800 Crystal Drive, North Tower, 6th Floor, Arlington, VA 22202, (703)-308-8811; e-mail: waller.mary@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Consep, Inc., 213 Southwest Columbia St., Bend, OR 97702-1013, submitted pesticide petition (PP) 4E04401 to EPA requesting that the Administrator, pursuant to section 408(e) of the Federal Food, Drug, and Cosmetic Act (FFDCA) (21 U.S.C. 346 a(e)), propose to amend 40 CFR part 180.1001(d) by exempting cellulose acetate from the requirement of a tolerance. Cellulose acetate, when used as an inert ingredient (pesticide rate-release regulating agent) in pesticide formulations applied to growing crops only, under 40 CFR 180.1001(d), meets the definition of a polymer under 40 CFR 723.250(b) and the criteria listed in 40 CFR 723.250(e) that define a

chemical substance that poses no unreasonable risk under section 5 of the Toxic Substance Control Act (TSCA).

Inert ingredients are all ingredients that are not active ingredients as defined in 40 CFR 153.125, and include, but are not limited to, the following types of ingredients (except when they have a pesticidal efficacy of their own): solvents such as alcohols and hydrocarbons; surfactants such as polyoxyethylene polymers and fatty acids; carriers such as clay and diatomaceous earth; thickeners such as carrageenan and modified cellulose; wetting, spreading, and dispersing agents; propellants in aerosol dispensers; microencapsulating agents; and emulsifiers. The term "inert" is not to imply nontoxicity; the ingredient may or may not be chemically active.

The data submitted in the petition and other relevant material have been evaluated. As part of the EPA policy statement on inert ingredients published in the **Federal Register** of April 22, 1987 (52 FR 13305), the Agency set forth a list of studies which would generally be used to evaluate the risks posed by the presence of an inert ingredient in a pesticide formulation. However, where it can be determined without that data that the inert ingredient will present minimal or no risk, the Agency generally does not require some or all of the listed studies to rule on the proposed tolerance or exemption from the requirement of a tolerance for an inert ingredient. The Agency has decided that no data, in addition to that described below, for cellulose acetate will need to be submitted. The rationale for this decision is described below.

In the case of certain chemical substances that are defined as "polymers," the Agency has established a set of criteria which identify categories of polymers that present low risk. These criteria (described in 40 CFR 723.250) identify polymers that are relatively unreactive and stable compared to other chemical substances as well as polymers that typically are not readily absorbed. These properties generally limit a polymer's ability to cause adverse effects. In addition, these criteria exclude polymers about which little is known. The Agency believes that polymers meeting the criteria noted above will present minimal or no risk. Cellulose Acetate conforms to the definition of a polymer given in 40 CFR 723.250(b) and meets the following criteria that are used to identify low-risk polymers.

1. The minimum number average molecular weight of cellulose acetate is 28,000. Substances with molecular weights greater than 400 generally are

not absorbed through the intact skin, and substances with molecular weights greater than 1,000 generally are not absorbed through the intact gastrointestinal tract. Chemicals not absorbed through skin or GI tract generally are incapable of eliciting a toxic response.

2. Cellulose acetate is not a cationic polymer, nor is it reasonably expected to become a cationic polymer in a natural aquatic environment.

3. Cellulose acetate does not contain less than 32.0 percent by weight of the atomic element carbon.

4. Cellulose acetate contains as an integral part of its composition the atomic elements carbon, hydrogen, and oxygen.

5. Cellulose acetate does not contain as an integral part of its composition, except as impurities, any elements other than those listed in 40 CFR 723.250(d)(2)(ii).

6. Cellulose acetate is not a biopolymer, a synthetic equivalent of a biopolymer, or a derivative or modification of a biopolymer that is substantially intact.

7. Cellulose acetate is not manufactured from reactants containing, other than as impurities, halogen atoms or cyano groups.

8. Cellulose acetate does not contain reactive functional groups that are intended or reasonably expected to undergo further reaction.

9. Cellulose acetate is neither designed nor reasonably expected to substantially degrade, decompose, or depolymerize.

Based on the information above and review of its use, EPA has found that, when used in accordance with good agricultural practice, this ingredient is useful, and a tolerance is not necessary to protect the public health. Therefore, EPA proposes that the exemption from the requirement of a tolerance be established as set forth below.

Any person who has registered or submitted an application for registration of a pesticide, under the Federal Insecticide, Fungicide, and Rodenticide

Act (FIFRA) as amended, that contains any of the ingredients listed herein, may request within 30 days after the publication of this document in the **Federal Register** that this rulemaking proposal be referred to an Advisory Committee in accordance with section 408(e) of the FFDCA.

Interested persons are invited to submit written comments on the proposed regulation. Comments must bear a notation indicating the document control number, [OPP-300395]. All written comments filed in response to this petition will be available in the Public Response and Program Resources Branch, at the address given above, from 8 a.m. to 4 p.m., Monday through Friday, except legal holidays.

A record has been established for this rulemaking under docket number [OPP-300395] (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The public record is located in Room 1132 of the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Electronic comments can be sent directly to EPA at:
opp-Docket@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this rulemaking, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking

record which will also include all comments submitted directly in writing. The official rulemaking record is the paper record maintained at the address in "ADDRESSES" at the beginning of this document.

The Office of Management and Budget has exempted this rule from the requirements of section 2 of Executive Order 12866.

Pursuant to the requirement of the Regulatory Flexibility Act (Pub. L. 96-354, 94 Stat. 1164, 5 U.S.C. 601-612), the Administrator has determined that regulations establishing new tolerances or raising tolerance levels or establishing exemptions from tolerance requirements do not have an economic impact on a substantial number of small entities. A certification statement to this effect was published in the **Federal Register** of May 4, 1981 (46 FR 24950).

List of Subjects in 40 CFR Part 180

Environmental protection, Administrative practice and procedure, Agricultural commodities, Food additives, Pesticides and pests, Processed foods, Reporting and recordkeeping requirements.

Dated: August 7, 1995.

Peter Caulkins,

Acting Director, Registration Division, Office of Pesticide Programs.

Therefore, it is proposed that 40 CFR part 180 be amended as follows:

PART 180—[AMENDED]

1. The authority citation for part 180 continues to read as follows:

Authority: 21 U.S.C. 346a and 371.

2. Section 180.1001(d) is amended in the table therein by adding and alphabetically inserting the inert ingredient, to read as follows:

§ 180.1001 Exemptions from the requirement of a tolerance.

BILLING CODE 6560-50-F

**FEDERAL EMERGENCY
MANAGEMENT AGENCY****44 CFR Part 206**

RIN 3067-AC39

**Exemption From Garnishment for
Temporary Housing Assistance****AGENCY:** Federal Emergency
Management Agency (FEMA).**ACTION:** Proposed rule.**SUMMARY:** This proposed rule would establish that all financial assistance provided under the Disaster Housing Program is exempt from garnishment, seizure, encumbrance, levy, execution, pledge, attachment, release, or waiver.**DATES:** Comments will be accepted until October 23, 1995.**ADDRESSES:** Please send comments to the Rules Docket Clerk, Office of the General Counsel, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (facsimile) 202-646-4536.**FOR FURTHER INFORMATION CONTACT:** Laurence W. Zensinger, Response and Recovery Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4262, (facsimile) 202-646-2730.**SUPPLEMENTARY INFORMATION:** Financial assistance provided under the Disaster Housing Program is not currently exempt from garnishment. Financial assistance under the Individual and Family Grant (IFG) Program is exempt from garnishment as specified in 44 CFR 206.131(l). The purpose of financial assistance provided under the Disaster Housing Program is to aid the applicant in obtaining safe housing following a Presidentially declared disaster. When financial assistance provided to an applicant is garnished, the housing needs of the applicant remain unmet. Regulatory exemption from garnishment serves the intent of the Disaster Housing Program and this proposed rule would provide needed protection for applicants who are awarded assistance.**National Environmental Policy Act**

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

**Executive Order 12866, Regulatory
Planning and Review**

This proposed rule would not be a significant regulatory action within the meaning of § 2(f) of E.O. 12866 of September 30, 1993, 58 FR 51735. To the extent possible this proposed rule would adhere to the regulatory principles set forth in E.O. 12866, but has not been reviewed by the Office of Management and Budget under the provisions of E.O. 12866.

Paperwork Reduction Act

This proposed rule does not contain a collection of information requirement as described in section 3504(h) of the Paperwork Reduction Act.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under E.O. 12612, Federalism, dated October 26, 1987.

**Executive Order 12778, Civil Justice
Reform**

This proposed rule meets the applicable standards of § 2(b)(2) of E.O. 12778.

List of Subjects in 44 CFR Part 206

Administrative practice and procedure, Disaster assistance, Housing.

Accordingly, 44 CFR part 206 is proposed to be amended as follows:

**PART 206—FEDERAL DISASTER
ASSISTANCE FOR DISASTERS
DECLARED ON OR AFTER
NOVEMBER 23, 1988****Subpart D—Temporary Housing
Assistance**

1. The authority citation for part 206 is proposed to be revised to read as follows:

Authority: The Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq.; Reorganization Plan No. 3 of 1978, 43 FR 41943, 3 CFR, 1978 Comp., p. 329, 5 U.S.C. App. 1; E.O. 12148, 44 FR 43239, 3 CFR, 1979 Comp., p. 412, as amended; and E.O. 12673, 54 FR 12571, 3 CFR, 1989 Comp., p. 214.

2. Section 206.101(g) is proposed to be amended to add introductory text to read as follows:

(g) *Forms of Temporary Housing Assistance.* All proceeds received or receivable by the applicant under § 206.101 shall be exempt from garnishment, seizure, encumbrance, levy, execution, pledge, attachment, release, or waiver. No rights under this provision are assignable or transferable.

* * * * *

Dated: August 16, 1995.

Richard W. Krimm,*Associate Director, Response and Recovery.*

**FEDERAL COMMUNICATIONS
COMMISSION****47 CFR Parts 21 and 25**

[CC Docket No. 92-297, FCC 95-287]

**Redesignating the 27.5-29.5 GHz
Frequency Band, Reallocating the
29.5-30.0 GHz Frequency Band, and
Establishing Rules and Policies for
Local Multipoint Distribution Service
and for Fixed Satellite Services****AGENCY:** Federal Communications
Commission.**ACTION:** Proposed rule.**SUMMARY:** This is the Third Notice of Proposed Rulemaking to establish Local Multipoint Distribution Service (LMDS) in the 27.5-29.5 GHz (28 GHz) frequency band. In this Notice, the Commission proposes a band segmentation plan designed to permit both LMDS and Fixed Satellite Service (FSS) systems to operate in the 28 GHz frequency band. It also proposes to accommodate feeder links for certain Mobile Satellite Service (MSS) systems in this band. The proposal ensures the rapid dissemination of innovative communications services by facilitating the entry of multiple providers into the market. New providers will offer facilities-based competition to each other and traditional cable and telephone carriers—greatly enhancing customer choice. A wealth of innovative services will include two-way video, teleconferencing, telemedicine, telecommuting, data services and global networks. The Commission proposes the use of competitive bidding to choose among mutually exclusive LMDS and FSS applicants. It also proposes to reallocate the 29.5-30.0 GHz band in connection with the band segmentation plan. The Commission is also supplementing its earlier Tentative Decision on CellularVision's request for a Pioneer Preference.**DATES:** Comments are due on or before August 28, 1995 and replies are due on or before September 18, 1995.**FOR FURTHER INFORMATION CONTACT:** Susan Magnotti, Private Wireless Division, Wireless Telecommunications Bureau, (202) 418-0871; Donna Bethea, Satellite and Radiocommunication Division, International Bureau, (202) 739-0728.
